Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

The Eckford is the only Line not interested in, or committed to a Propeller Upper Lake Line; and in order to [illegible] to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States when interest demands the continuance of a line of such a class of Boats. THE WORLD'S FAIR PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street,)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Freund & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

MR. GILBERT'S LETTER.

THE FIRE IN FLETCHER AND PEARL STS, NEW YORK.

New York, Dec. 20, 1851.

Messrs. STEARNS and MARVIN, successors, to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensslaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. From the Celebration.

Quite a number of our Milwaukee delegation to the celebration at Niagara returned on Saturday afternoon. They unite in the opinion that, for numbers and enthusiasm, the meeting has seldom been exceeded for many years. The old Whig fires were rekindled, and good counsel taken of each other by the friends of Scott and Graham, which will help to bring about a glorious result in November next. The Buffalo *Commercial* says of the number present:

The delegation from the Old Keystone State, numbered over twelve hundred, comprising the special delegation from the city of Philadelphia and Pittsburgh. The estimated number from Ohio, as we were informed by men from that State, is as high as eight thousand. Michigan sent fifteen hundred. The Baltimore delegation, who were encamped together in a large tent, numbered three hundred. The Massachusetts delegation, which was very large, though we did not learn the number, was also encamped together in a mammoth tent. The Vermont delegation numbered near five hundred, and the other New England States were largely represented.

Various estimates were made of the numbers in attendance, but no means seemed to be attainable to determine it; but we heard the common and often repeated remark, from those who attended the celebration at Fort Meigs in 1840, that the number at Lundy's Lane, was at least double.

The Sunday Petitions.

The "life guards" of the "*Sentinel*" and "*See Bote*" this morning went up in the former paper in 2½ columns, haranguing the Mayor to the effect that he shall no more allow public dancing parties on Sunday. But this is not fulfilling the threatenings of the *Sentinel* to publish a petition for enforcing the so called Sabbath law, signed by a majority of our native and adopted citizens, and we rather think it never will bring it forward.

Let the "*Sentinel*" and the partisans of its views know that *the overwhelming majority of our German population is opposed to every noise and public scandal, not only on Sundays, but on every day, at all times, and by no means will protect such behavior.*—(1.)

These facts ought to be known to the "*Sentinel*," it ought to suppose men to be so, who openly and fairly, and like true republicans oppose that paper when it is unable to furnish the least evidence that they were "degraded in so base and detestable a manner as to protect villany, or to excuse rude orgies."—(2.)

But as for a dancing, a merry chorus, when a man happily turns around with his wife or bride, and, after six days hard working, indulges in an innocent enjoyment, healthy for body and soul, they cannot believe it to be a "public scandal," nor "degrading liberty to license." It must be a miserable hypocrite, or a pietizing Judas who will inform against such frolics as against a "scandal before the Lord," when he made us to enjoy our life. But "the Lord," says a proverb, "has odd boarders."—*Wis. Banner, July 30th.*

(1.) It is difficult to express the pleasure with which we publish the above. We are already fully repaid for the little trouble, and whatever of misrepresentation, we have experienced during the agitation of this subject. We are pleased to find that hereafter, if the *Banner* will make its words good, we shall move along in the same direction. We were well enough satisfied of the fact which we have placed in italics, and were only anxious that it should be better known.

(2.) Perhaps from obscurity, in the translation, we don't see the point of this paragraph, but it is decided enough as to disclaiming all desire to excuse the kind of "orgies" against which the petition was levelled.

We are sorry that we don't find the *Banner* ready as yet to join cordially with us, as we judge from the last part of the article, but, until we learn further, we are willing to accept the first part as a manifest sign of improvement, and to hope for the best.

A Political Enemy's Testimony.—Ex-Governor Quitman, of Miss., having been asked, in a conversation on board of one of the western boats, his opinion of Gen. Scott, replied:

"Sir, the American people have never done General Scott justice. The more that man's character and claims to distinction are canvassed, the higher will be the stand he will take in the admiration and gratitude of his countrymen. I have been surprised and astonished that among the whig party, there should be found a single man unwilling to give him a cordial and hearty support."

"I am a democrat," added the Governor, "and consequently, differing widely as I do from Gen. Scott on every political question, can never give him support; but if there is a whig in the Union, for whom, under any circumstances, I could give my vote for President, that whig is Winfield Scott."

Cuba.—The Cuban Revolutionists are again in motion. By some means their central Junto succeeds in striking off upon a press concealed in the mountains, immense numbers of copies of a paper, arousing the people to the measure of another movement for the throwing off of the yoke of Spain. Copies have been received at New York, and have been translated in the *Courier and Enquirer*. The utmost efforts of the Cuban government have failed to discover the authors of the document, or the whereabouts of the press.

Plank Road Meeting.—A meeting was held at the school house in the village of Waucousta, on the 22d inst., to take measures for forwarding the construction of the Milwaukee, West Bend and Fond du Lac Plank Road. Wm. R. Longstreet, Esq., was appointed an agent to solicit subscriptions of stock.—*Fond du Lac Journal.*

We are glad to see the interest exhibited in this important road. It is already completed and in operation to a considerable distance out of our city, and we hope will be pushed on without delay.

Facts *vs.* Fiction.—The *News* gave recently an account of a gathering of the Madison Locos after the close of a Whig meeting, and represented that "the democrats had a glorious and enthusiastic meeting, lasting far into the night.

The Madison *Palladium* says that "no person remained in the house 3 minutes after the adjournment of the Whig meeting.

☞ The *Morning News* has found, and publishes, an extract from a letter of the late President Polk, in which he is made to say, in 1847, "Gen. Pierce is now the *first* man in New England"! And this while Webster, and Woodbury, and hosts of other New England worthies were prominent on the stage of action!

☞ The Grant Co., *Herald* hoists the name of Hon. M. M. Jackson as the Independent Candidate for Judge of the 5th Circuit.

EXHIBITION OF THE HORTICULTURAL SOCIETY.

Owing to circumstances beyond our control, we were unable to present the report of the Executive Committee on Saturday morning.

The occasion was one which caused great gratification to the Society and to all who take an interest in its welfare. Happily, a large number of our citizens have become members, and thus take a personal interest in securing its success. The number, too, of those who testify their good will by sending in articles for ornamenting the room, has increased, as well as the contributors for premiums, so that the large Hall was very well filled. It presented a beautiful scene at evening, when brilliantly lighted; the flowers showed to great advantage, and crowds of our citizens were present enjoying a pleasant social hour, and listening to Hess's Band at intervals.

The liberality of the owners of the articles, in placing them at the disposal of the Society, is worthy of special mention. The sale at auction helps to pass the time pleasantly, and adds a respectable sum to the funds of the Society.

On the whole, we think that our citizens will look forward to the next Exhibition with a good deal of interest, and we understand that measures will be taken to add to the attractions of the place and the occasion:

REPORT.

The Executive Committee, having considered the reports of the Committees appointed to examine the various articles exhibited on this occasion of the second public gathering of the Milwaukee Horticultural Society, present the following awards of premiums:

(*named, the Master Merriman, Golden Fleece, Ansel's Unique, Prince of Wales, Lady Saunders, and Bella Vongers.)

Many very beautiful specimens and collections of flowers have been shown, some for premiums, and some for ornament. The Committee would gladly make mention of them all, but have not been able to ascertain the names of all of the exhibitors, and would rather not be invidious in selecting a few from the number of those who have thus placed the Society under obligations. They invite attention to specimens of the *Calestegia*, a beautiful and hardy climbing flower, presented in flower by Mrs. Mitchell, and in flower and leaf by Mr. Gifford. Also to a specimen of the *Yucca filamentosa*, shown by Mr. Messenger,—a hardy plant. These are noticed because they should be better known and brought into general cultivation among our people.

The best variety was the *Bultner's* Yellow.	
Currants—Best Specimen,	Cyrus Hawley.

Gooseberries—Those exhibited did not conform to the rule, being deficient in quantity. Very fine ones, however, were shown by L. W. Weeks, and Dr. B. McVickar, to whom the Committee award special premiums.

Excellent specimens of peas were shown by R. N. Messenger—of currants by D. Ferguson, of celery by Mr. Duke, of cabbages and beets by S. P. Beecher, and of beets by H. Williams.

In concluding their report, the Committee beg leave to congratulate the Society on the increasing interest in their success, as shown by the number and quality of the articles exhibited for competition, and by the handsome display of flowers sent in to grace the room. The result cannot but be beneficial in encouraging contributors hereafter, and in determining the Society to persevere in the work which they have so well commenced. They look for no other results than these, and the consequent cultivation of social feeling which these gatherings bring about, and the pleasure and profit which they bring to all who enjoy them.

They have to regret that many persons, who might display creditable, and perhaps superior specimens in the various departments, still hold back, from the fear that their articles are unworthy of exhibition; and they hope that in future, such will not be the case.

The Committee return the cordial thanks of the Society to the contributors, whether for premiums, or for ornament, and take this occasion to announce their Fall Exhibition, to be held in the early part of September. Due notice will be given of the time when the premiums are ready for distribution. By the Executive Committee.

☞ The *Western Star*, since its lapse to Hunkerism, seems to be troubled by something which leads it to expend columns in defence of its course—indeed pretty much all of its space that is not occupied by abuse of our neighbor of the *Free Democrat*.

As a specimen, giving the idea and *tone* of the last number, we copy the following:

And if there are any who do not choose to act with us, in our plan of advancing the cause of social liberty and equal rights, we have only to allow them to make a plan for themselves, suggesting, in the mean time, that they should not make asses of themselves, by trying to bind the fetters more closely upon white men that it ever was upon a southern slave.

Whig Young Men in Council.—The Whig Young men of New York City held a grand meeting at Tompkins Square on the evening of the 26th. The *Courier and Enquirer* says of it:

"The gathering was immense, the large square being nearly covered with people. There were four platforms erected for the speakers, but had there been three times as many, they would have been required for the occasion. A cannon stationed outside the square boomed forth at intervals, and brilliant fireworks illumined the "sea of up-turned faces" and rendered the almost numberless banners, of the several wards, Whig clubs and associations, beautiful in the extreme, the whole forming a most magnificent and interesting tableau.

☞ The Sheboygan *Journal* opens again with an article purporting to defend Gen'l Pierce from some tremendous assault of the wicked whigs.—It will be seen by the paragraph which follows, that it "owns up" to one serious one:

Even the friends of Gen. Pierce willingly admit, that when quite young, he gave a poor and seemingly friendless boy, whose grief at some misfortune found vent in tears, a penny, (his all) with which to buy a stick of candy, too soothe his sorrow, dry up the fountain which was gushing from his eyes, and fill his heart with sunshine and gladness.

News from Lundy's Lane.

Steamer Mayflower, July 26.

Messrs. Editors:—

We left Milwaukee on Saturday evening *en route* for Lundy's Lane, but did not discover any remarkable symptoms of enthusiasm for Scott and Graham, until we came on board this boat. Upon her were gathered the main delegations of Michigan, Illinois and Wisconsin; and I assure you they made a swarming hive, and made the air and water resound with their shouts for the Hero of Lundy's Lane. We understand Indiana also to be fully represented, but they have gone down the Southern route, and fortunate it is; for the noble steamer which freights us is loaded down to her full capacity with live Scott and Graham men. We had designed, during this afternoon, to have a meeting of the Delegates on board and have speech-making—but a heavy sea is running and many are sick, which prevents. I learn that among others from the South, there is a large delegation from Louisiana with us, who speak enthusiastically of the prospects for Scott and Graham, not only in their own State, but in other Southern States which we usually consider Whig. We have a good story on board, of the *Candy*-date General Pierce, as follows:

General Scott ordered him at —— in Mexico to make a military demonstration, called a *feint*, whereupon he "gallantly" led his forces to the desired point, and upon the first discharge of gunpowder from the enemy, dropped from his horse. A soldier ran up to him and asked him "if he was hurt"—to which he replied, "no, he was only *obeying orders*."

A braggart Locofoco from Michigan offered to bet 3 to 1 that Pierce would carry the State. A Mr. Carew from Detroit asked him very quietly how much he would like to bet in that way, and he replied, "three hundred dollars," to which C. replied, "I am your man," and immediately placed his money before him ready to be put up, when the Loco *crawfished* in a very *sneaking manner*. Michigan men are sanguine of carrying the State for Scott.

Evening.—The wind has gone down, the lake is quiet, and the various delegations have met and had a talk, and the Council fires burn brightly. All is animation and confident belief that the Tippecanoe battle is to be fought over again. Especially do the Whigs from the several States believe that the victory will be thorough over the "Confectionary Candidate," or as used "*for short*," the *New Hampshire Candy Man*." After the Scott men adjourned the passengers organized a meeting and appointed a committee to draft resolutions, &c. expressive of our delight at the trip, the boat and her officers, which was duly executed and ordered published. And then the merry dance commenced and has been kept up unweariedly until the "wee sma hours," and now, forsooth, I will retire and refresh for the fatigues of the prolific morrow.

Buffalo, July 27.

The town is full of people waiting opportunity to get down to Niagara, and we are promised a splendid affair. It is said that the gathering will be far greater than that of Syracuse or Fort Meig's in 1840. The Tippecanoe fever rages and bets run high on Scott's election. New York is believed to be safe for Scott and Graham beyond peradventure. So mote it be! The cars are off for Niagara and I will go down and finish this epistle there, as it can't go 'till evening.—At the Falls the town is full to overflowing and there is no means of calculating the numbers until they congregate together. They are now getting into line—several Military Companies taking the lead. *One Company from Kentucky, with a gun captured* by them in the Mexican War. The procession of Soldiers of the last war in carriages is very large, numbering some hundreds. I observe also an Irish Company, whose true hearts are with the gallant hero. General Scott. An enormous representation of *a cent* is carried by several boys, with the inscription, "*We go for Scott but buy our own candy.*" I am told delegations are present from *every State* in the Union; a feeling is being aroused which will not be alloyed until the election of Scott and Graham in next November. There are numerous banners in the procession, with different inscriptions which I have not been able to obtain. It is said Horace Greely, who is here, is to lead off in speaking, and as the procession has passed and will soon be called to order, and as the mail is about to close I must adjourn for the present. I will write you again to-morrow. There are *acres of people about.*

Yours, JACK.

Correspondence of the Sentinel.
Waupaca, Wis., July 24th, 1852.

Messrs. Editors:

The cause goes bravely on, on the "Indian Lands." The Hero of Lundy's Lane is the man for us, and his nomination creates more *real* enthusiasm than that of any other candidate since the famous days of Harrison. In the life and brilliant services of Scott, there are all the natural elements of an enthusiasm that takes hold of the feelings and actions of a *free and intelligent* people. In those of Pierce, none. We expect to go for "white men," and "white laws" here on the "Indian Land," but cannot be gulled into the support of Pierce and King upon the naked and *wholly unsupported* statement of the far-famed "*Mercury*," that they, if elected, will go in for the repeal of that "hideous law,"—that "deplorable" act. *No sir!* We go for Scott and Graham, not because they will go in for the repeal of the "Fugitive Slave Law," but because they will carry out the measures and policy of the Great Whig party; which measures and policy are admirably adapted to promote the best interests of the whole country. NIAGARA.

Great Sale.—A large sale of land in Grant Co., comes off on the 12th of October at Lancaster. They are situated between two and a half and six miles from Lancaster, on the stage road leading to Cassville, and within 12 miles of the Mississippi river.

The terms are one fourth cash, and the balance in 3 annual instalments, at 7 per cent interest.—There is an excellent opportunity to invest in real estate in one of the finest counties in the state.

Washington Co. Delegates.—The following are among the delegates to the Democratic Judicial Convention:

1st District, R. A. Bird, 2d Simeon Dewey, 3d B. Schleisenger Weil.

Our Private and Public Schools.

Messrs. Editors:

There is a class of persons in our midst, doing as much as any other, I believe, to promote our prosperity, who are underrated, and in a great measure, neglected. They labor severely, and for the most part, faithfully. They receive little pay and less honor. Their position in society is, at least, doubtful, and they toil on day after day, and year after year, in their quiet but arduous path, with no other future than poverty and obscurity.

It is needless to add, that I refer to the teachers of our public and private schools. The competent and faithful teacher, is rarely or never in this age, fully appreciated. And especially is this true in the West. His business is too quiet and obscure.

There is in it too little of noise and glare—too little that is material, to attract the attention of our thrift-loving and money getting people. The fruit of the teacher's labors (rich and abundant though it be) is *too long* in coming to maturity.—Ought these things so to be? Can we not better them?

Is there not an apathy upon this subject on the part of parents and the officers of the city, that could be cured in a good degree by a little persevering effort?

I am led to make these remarks, and ask these questions, from several year's observation upon the state of our public schools in this city, and by a recent visit to the Milwaukee Female Seminary, during a public examination.

I saw there the clearest evidence of *faithful* instruction—of earnest effort on the part of the teachers to do their whole duty to their pupils. I was especially pleased by the marked absence of all *rote learning*. The pupil was as well prepared in one part of the book as in another.

A member of a class in Algebra, after the successful solution of several problems, selected by a spectator, found herself puzzled at length in a solution, when she frankly turned and confessed the difficulty. A single question cleared the point, and she proceeded. I mention this trifling circumstance in confirmation of the remark that instruction here is not parrot-like, superficial, but rational and thorough. A class in French, (though here we are not competent to criticise,) appeared *very* well. The two Misses B. resolved French phrases, and recited French dialogues with as much easiness as though to the "manner born" and in this they were *samples* of their class.

The compositions were fine. The exhibitions in music, (particularly that of Miss N. upon the piano,) pencilling, and oil painting, were highly creditable to both teachers and scholars. The institution—considering its age—seems well patronized and prosperous. But why were not the parents of those pupils there to witness this exhibition? How can we expect the teachers in our schools, to labor zealously and efficiently in their humble (not to say despised) employment, unless parents and others interested in this subject will visit and encourage them, will take some note of their toil—and show some small appreciation of their sacrifices and labors? How often are our Ward Schools visited by the city officers, or the parents who send them? Will not some one inform us?

A FRIEND OF SCHOOLS.

The Northern Improvement and the Martin Contract.

The *Manitowoc News* copies sundry paragraphs from the Ft. Winnebago *Times*, attempting to make capital against Governor Farwell for his action in the above matter. We have no time to overhaul that vexed question again, but copy from the Madison *Palladium* the following answer to the *Times* and others who misrepresent the Executive. We must say that we cannot [illegible] that portion of it which refers to [illegible] State. [illegible] interest in the work h[illegible] to lead him quite astray. we h[illegible] thought:—

—Ex-Gov. Dewey, in direct violation of the Constitution—the act of Congress—the plan of the Work—Mr. Martin's proposition as submitted to the Legislature, and of common sense—made a contract with Morgan L. Martin, *unknown* to the Legislature and the people of Wisconsin, and pledged the lands belonging to the Fox and Wisconsin River Improvement; and not only this, *but the Improvement itself from Green Bay to the Mississippi River*, and then gave him, Mr. Martin, *State Stock* drawing interest at 12 per cent, upon the *State Treasury*.

In view of these facts, it is true, Governor Farwell, when he entered upon the duties of the Executive office, unhesitatingly and positively refused to sign his name to State Stocks of this description, on the sole ground of its being a State Debt, in violation of the Constitution, and not required by law. To compel him to sign the same, Mr. Martin presented his case and contract to the Supreme Court, and they unanimously decided that the Governor ought not to issue and sign the Martin scrip; and by this decision, in effect, condemned the Martin contract as being in violation of the law. For, be it known, that the contract itself positively requires the Governor to sign the same.—Now these interested editors, to aid Martin in his attacks upon the Treasury, seek to confound this Martin scrip, with the "Stock certificates" provided for by the law of last winter; when they know full well, if they know anything about the subject, that, neither the law, nor the opinion of the Supreme Court, requires the Governor to issue or sign the stock certificates at all. This duty is specifically imposed by the law, upon the Secretary of State, and the Governor has nothing at all to do with them, except to pay them out to contractors *after* they shall have been issued, signed and sealed by the Secretary of State, and delivered to the Governor.

In conformity with the opinion of the Supreme Court, the Secretary of State has issued, signed and sealed stock certificates to the amount of Seven Thousand Dollars, and delivered them to Governor Farwell, who at once paid them out to Messrs. White, Resley & Arndt, contractors, upon the certificate of the Board of Public Works. There are applications now present to the Governor by other contractors for these stock certificates, and they cannot obtain them, for the very good reason that the Secretary of State either refuses or neglects to furnish any more to the Governor. So it will be seen that the Governor has done all required by the Supreme Court. But the Secretary of State has failed to do *his* duty in the premises.

We insist, and the facts will warrant the statement, that the Supreme Court in every essential particular sustained the Governor. His position was against issuing the certificates, and negotiating them in an open market, as the law required. A state debt would thereby be created, in violation of the Constitution. The Supreme Court decided, or rather, expressed its opinion that the certificates should not be negotiated, and sold in market, but should only be delivered to the contractors themselves and this duty the Governor has never refused to perform.

Oh! Is that the way of it?—The Sheboygan *Journal* says:

The Democratic party will not countenance the squandering of millions of the people's money upon out-of-the-way places, which is not demanded to facilitate commerce between the States, and which is odious alike to the people and the Constitution. It is those avenues connecting the different States, which are or may become thoroughfares, that the democratic party party would improve, thus linking the several States of our confederacy together in one great commercial chain.

Exactly. *Such* "out of the way places" as Sheboygan and our other Wisconsin ports, "the democratic party will not countenance" any appropriation for, but it *would* "improve the avenues connecting the different States." In *fact*, the practice of the party is against both the "out of the way places" and the avenues.

☞ The Grant Co., *Herald*, after noticing our campaign terms for the Weekly *Sentinel*, calls upon the boys to "give it the quarters, so that it can roll them in" to us.

Thanks to you, neighbor of the *Herald*; but we don't wish our Grant Co., friends to send us anything which legitimately belongs to you.

City Matters.

A Haul.—Collector Hatch recently made a seizure of a parcel of silk goods under peculiar circumstances. Understanding that a travelling gentleman was in town visiting private houses, and disposing of rich silk dress patterns at a low price, representing them as smuggled goods, he took measures to have him call and give him an opportunity to purchase. The pedlar called, and displaying his stock, explained that the only way in which they could be sold so low, was by cheating the revenue. After listening awhile, the Collector very quietly told his astonished friend that he should be under the necessity of seizing the goods. The pedlar then changed his tune, and said that they were *not* smuggled, but had paid duties, and that the reason why he told the former story was that people were always ready to buy such goods. It wouldn't answer, and the Collector detained the goods until the pedlar could bring a custom-house certificate to clear him.

The silks look well, but are poor stuff, and a regular cheat in every respect. Quite a number of our citizens were bitten before the gentleman was stopped.

Change of Route.—The Cleveland *Herald* of the 29th says that the Postmaster General has ordered the Great Western United States Mail, between Buffalo and Chicago, Kenosha, Waukegan, Racine, Milwaukee and Sheboygan, transferred from the Michigan Central to the Michigan Southern Railroad Line.

J. M. Cavender, the agent of the Southern line showed us last evening a letter from Geo. M Gray, who has charge of things at Chicago, confirms the above report. So that we suppose the change has been made. We are not aware of the difference which it will make in the receipt of our mail matter, but a few days experiment of the new arrangement will enable us to set it before our readers.

The Bakers.—This excellent family of singers have been invited to give a Concert soon for the benefit of the Milwaukee Normal Institute, and it is thought that they will consent. If so, the concert will be given about the last of this week or the first of next.

Playing out the Judicial Farce.—Three men from Neenah and three from Oshkosh met and appointed delegates to the State Judicial Convention who will cast the vote of Winnebago County. *Four* persons says the *Telegraph* constituted the convention which appointed Mr. Sharpstein, of Kenosha, a delegate. And the people are to be bound by such proceedings, are they?—*Free Democrat.*

The Michigan.—The U. S. Revenue Steamer *Michigan* is still in port, and has been visited by large numbers of our citizens, who are not slow to mark the neatness which distinguishes her appearance in every part. This is a feature which especially belongs to Uncle Sam's marine, and is equally remarkable in the large vessels of war as in the smaller craft which attend to revenue matters upon our inland seas.

The officers are courteous and attentive to visitors, and glad to have an opportunity of showing off their craft.

New Wheat.—Our old friend Hugh Daily brought us on Saturday evening, a specimen of the first load of the new crop brought into this market, and bought by him for T. P. Williams, at 85c per bushel. This load consisted of Italian and red chaff mixed winter, 45 bushels—handsome and plump as need be.

Purchased.—The Milwaukee University Institute has bought the Congregational church, on Main street. The Society which occupied it have purchased the church edifice, corner of Spring and Second streets, formerly occupied by Rev. Mr. Miter's congregation.

2d Ward Scott Club.—The proceedings of the meeting in the 2d ward to organize the Scott Club are published to-day. The boys have gone to work in earnest, and elected a list of officers who will be on hand at roll call every time. Their efforts will tell [illegible] November.

All Right Again.—We learn that the Steamer *Pacific* will leave here this morning, and hereafter *[illegible]* and *Pacific* will make their regular trips, leaving in the morning.

Runaway.—A span of horses belonging to Geo. Reed Esq. of Manitowoc ran away Saturday noon from the American House, upset the driver in a mud hole, and broke things generally.

U. S. Court.—A special term of the U. S. District Court is to be held, commencing this morning at 10 o'clock, Judge Miller presiding.

Church Dedicated.—St. Pauls (Episcopal) Church was dedicated at Fond du Lac on the 18th. The *Journal* says that the building is a very handsome structure, in the Gothic style.

BENEDICTION.

The audience was favored with all of the Orations above announced, except those from Messrs. Rountree and Hickox, who had been excused. The efforts of the young men were highly creditable to the institution to which they belong. A marked improvement was visible since the exhibition of last winter, giving evidence that the students of our University are making good progress.

We have always had great confidence in the ability and experience of the faculty of this Institution to give admirable satisfaction, and the exhibition of last evening fully demonstrated that such confidence was well founded. Each of the young men gave abundant evidence that his mind was receiving a training which, if followed up, will lead it to great perfection in education and science. We rejoice to know that the University has the most flattering prospects before it, and must soon rank among the very first Institutions of the country.—*Madison Palladium.*

Crops in Wisconsin.—We have lately had the pleasure of observing the state of the crops in various sections of our state and really it was a pleasure, for never have we seen them more promising. In an excursion through this (Kenosha) and Walworth counties, we were everywhere struck with the fine appearance of the fields of grain. Wheat, both winter and spring, is heavy, and the yield will be greater than it has been for years, if not greater that ever before. Oats, Corn, Potatoes and Flax, present the same promising appearance.—*Kenosha Tribune.*

JOHNSON'S
CHEMICAL HAIR INVIGORATOR.

THE EFFICACY of this justly celebrated unfailing preparation for invigorating, beautifying, and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained, by its merit, a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which refined civilization has brought in its train; for so long as warm rooms and tight hats, with the combined agency of other influences, exist, will thousands of unhappy victims be troubled with bald heads and grey hairs to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that the

INVIGORATOR

was introduced.

For restoring the Hair to its original growth, or preventing it from falling out, this Compound has been pronounced by all Medical men to be a sure remedy.

For eradicating Scurf, Dandruff, and curing diseases of the Skin, Glands, Muscles, Stings and Bruises, it will always be found a safe, speedy, and unfailing cure; and to ladies as

"Fair tresses man's imperial race ensnare,
And beauty draws us with a single hair,"

JOHNSON'S INVIGORATOR be essential to the toilet of every Lady and Gentleman who desire to give a soft, glossy, and luxuriant appearance to the natural drapery of nature's throne.

DAILY SENTINEL.

Burning of a North River Steamer!

DREADFUL LOSS OF LIFE!!

New York, July 28th—p. m.

The Steamers Henry Clay and America, bound from Albany to New York, were racing with each other yesterday.

Just above Yonkers the former caught fire, and burned to the water's edge.

The number of passengers on board is variously stated: the lowest estimate is 300.

The scene was heart-rending! The shrieks of suffering humanity as death approaches, amid full life, in appalling form, are terrible, and the feelings of those who see it but cannot help, or save the sufferers, wildly distressing. Thus was it yesterday, as the fire swept over the steamer, and sent into eternity some forty or fifty souls.

Later.—The Henry Clay took fire two miles this side of Yonkers; she was from Albany, and had on board 150 passengers—12 or 15 certainly lost. Among them the wife and two children of one of the West Point Professors; one child burned on board, another died on the cars on the way to the city. Two ladies drowned—bodies taken ashore. One woman hung over the railings with a child in her teeth, until so badly burned that she dropped into the water. The child was drowned, but the woman was saved—the child was a stranger to her; the woman was shockingly burned. Many women and children still missing. The boat caught fire at 4 o'clock amidship; was five miles ahead of her time, but not racing. The boat was entirely consumed—baggage mostly saved.

Riot at Newton.

Cincinnati, July 27.

A riot occurred in Newton, in this county, on Sunday night. The sale of liquor, is prohibited by the municipal regulation; a German was found guilty and heavily fined. Depredations was subsequently committed upon property, complaint was made, and suspicion rested upon the Germans. A meeting of the citizens was held and all Germans ordered to quit the place, which resulted in a riot; but was, however temporarily suppressed.

The Germans in the surrounding towns are taking sides with their countrymen. In this city 200 Germans held an an indignation meeting, in consequence of having been fined for desecrating the Sabbath by gambling, singing through the streets, &c.

They disclaim all religion and laws, and declare that every man has a right to do as he pleases in this country; also, that with them their national flag had preference over all others. This movement is opposed by German naturalized citizens. Other meetings are to be held.

New York, July 27.

The Democratic Ratification Meeting at Newburgh, yesterday was a grand affair. One of the most remarkable features of the meeting was the declaration of JOHN VAN BUREN, that there was no longer any free soil party in New York, for all the objects of that party having been accomplished, there was no longer any need of its existence.

Sudden Death.—Edward Fisher, Esq. an Englishman by birth and a resident of our town for the past six years died of cholera last night. Early last evening we saw Mr. Fisher in the street, apparently in the enjoyment of his usual robust health, and at six o'clock this morning were informed of his death. The deceased was a man of wealth and very liberal in all matters pertaining to the interest and advancement of the town. He was a member of the Board of Trustees, and warmly interested in all village improvements.

This is the first case of cholera which has occured here, and there is a difference of opinion as to its being of the Asiatic type.—*Madison Democrat.*

Ship Fever.—There have been six or eight deaths in one house in this town from ship fever, within the last three days. The disease was brought to this place by German emigrants, and has been confined to one house thus far—a house containing, as we are informed, ten to fifteen families.—The Town Board have taken measures to have all those now sick with this fatal and contagious disease, removed across the lake to Hoboken and suitably cared for.—*Ibid.*

THE TRIBUNE.

SCOTT Leads the Column!—Forward!

'Now, brothers, now is the hour!'

THE publishers of THE NEW YORK TRIBUNE proffer copies of their regular and full Weekly issue (eight large pages, each six columns, of Literature, Politics and News) for the remainder of the Presidential Campaign, commencing with the 7th of August and closing with Nov. 25th, when we confidently hope to announce their triumph—on the following terms:—

1 copy for the 15 weeks	$0 37½
6 copies, to one address	2 00
10 copies do do	3 00
25 copies do do	7 50

Payment in all cases to accompany the order.

The selection of WINFIELD SCOTT for President and WILLIAM A. GRAHAM for Vice-President, has gratified our ardent wishes and strengthened our earnest hopes. Our conviction has long been fixed that Gen. Scott is the very man fitted and marked out by his heroic achievements—his inestimable services, at critical periods, in preserving our National tranquillity and preventing the effusion of blood—by his unquestioned integrity, his self devoting patriotism, his unsectional position and his humanity—to unite the Whig Masses in one enthusiastic, invincible host and lead them on to victory. So believing, we have labored and hoped for his nomination, and we now confidently look to the result to justify our sanguine anticipations.

THE TRIBUNE, standing on its own Platform and knowing no other authority but truth, will do its utmost for the election of SCOTT and GRAHAM; but it will not be absorbed by Political discussion. We have chosen to proffer Campaign subscribers a large sheet rather than a small and cheaper one, because the postage is the same, and because we wish to extend the knowledge of what THE TRIBUNE habitually is. The letters of our Associate, BAYARD TAYLOR, who next writes us from Syria, the ruins of Nineveh, Constantinople, &c., will appear every week, with reviews of new Books, Proceedings of Congress and the general Foreign and Domestic News of the Day. If there is another journal in America more valuable or interesting than THE TRIBUNE, it is not because more money or labor is spent thereon.

All the Editions of THE TRIBUNE are printed in large Quarto form, on a sheet 31 by 42 inches, showing eight large and compact pages of reading matter. About half the Daily is devoted to Advertisements, very few of which appear in our other issues. No ten dollar daily in the world contains more reading matter than THE TRIBUNE, which is afforded at $5 per annum, or $1¼ for three months.

SEMI-WEEKLY TRIBUNE:

One copy (per annum) $3; Two do. $5; Ten do. $20.

WEEKLY TRIBUNE:

One copy (per annum) $2; Three do. $5; 8 do. $10; Twenty do. (to one address) $20.

, Payment is in all cases required in advance.

Subscriptions for THE CAMPAIGN TRIBUNE, or either of our regular issues, are respectfully solicited. All notes of specie paying banks taken at par and may be remitted at our risk. Please address

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine Drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTING, PLANING, TONGUEING AND GROOVING MACHINE" throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries by letter and otherwise as to my opinion upon the [illegible] through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon the [illegible] ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kendal, some sixteen years since, and another got up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after forty eight years experimenting upon these machines not one is in use of any value for the purpose recommended.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretended inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
May 19, 1849. 12 Platt St., N. Y."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will deposit a pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with ease, double as much lumber in the same time, and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be considered fair for such a trial.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replace the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pains in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Atrides and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhoea,
Bloody Flux,
Dysentery,
Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive.—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. we invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

HOOFLAND'S CELEBRATED GERMAN

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtue in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY,

One of the best literary papers published, said, August 25

"Dr. Hoofland's German Bitters, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine we speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co, of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud."
